100% of all proceeds will benefit **Child Health Investment Partnership (CHIP) of Roanoke Valley**. CHIP of Roanoke Valley is an early childhood home visiting program. CHIP of Roanoke pairs pregnant moms, low-income children, birth to kindergarten-entry, and their guardians with a Community Health Nurse and Family Case Manager to help them access needed medical services, to assist with the management of chronic conditions through health care coordination and to provide developmental education, kindergarten preparation, oral health support and regular child assessment and monitoring. These family strengthening services work to help build parenting confidence, while providing support to families as they set and reach goals moving toward self-sufficiency. We also offer supplemental services that target specific needs: Prenatal Case Management, Medically Needy & NICU Case Management, Asthma Case Management and Mental Health Counseling.
